

**PAWSATIVELY BETTERING THE WORLD.  
ONE CAT AT A TIME.**

## You're Approved: Now What?

**CONGRATULATIONS!**

The following tips should help as you prepare to welcome your new furry, family member home.

### Food Choices

If your kitty is coming from our shelter in Ocala, s/he has been eating a mixture of Iams, Purina, Hill Science Diet and Royal Canin based on our recent donations.

If your kitty is coming from PetSmart, s/he has been eating Royal Canin or Authority provided by PetSmart.

All of our cats, regardless of location, enjoy a wide selection of wet food based on our recent donations.

Start off with dry food as close to what is above as possible and transition new foods over a period of 7-10 days. This will help to minimize any stomach discomfort.

### Transitioning Food Brands

Days 1-3	75% old brand - 25% new brand
Days 4-6	50% old brand - 50% new brand
Days 7-10	25% old brand - 75% new brand
Days 10+	100% new brand

"IN ANCIENT TIMES CATS WERE WORSHIPPED LIKE GODS... THEY HAVE NOT FORGOTTEN THIS..."

## Items Needed

Below are items you need to have **BEFORE** we deliver your new family member:

Dry Food  
Litter Box and Scooper  
Litter  
Toys  
Scratch Pad/Tower

*We also recommend you get the following:*

Wet Food/Treats  
Cat Tower  
Cat Bed

## Litter Choices

All our cats are used to traditional unscented litter so use whatever style/brand you prefer.

## What else should I be thinking about?

### Cat Bed/Tower

Cats love to be up high but also want a nice place to curl up and nap. Think about a cat tower with a built in area for them to grab some shut-eye!

### Toys - Toys - Toys

Cats love to play, especially kittens! There are countless styles of toys and not every cat likes every toy. Try different styles with your kitty to find the right one for them for endless fun!

### Litter Box

Make sure the box is the right size for your kitty, and realize, not all cats like the same style of litter box. They may be fine with a covered box, while others will need an open style.
